

THE high-interest age, low-reading age

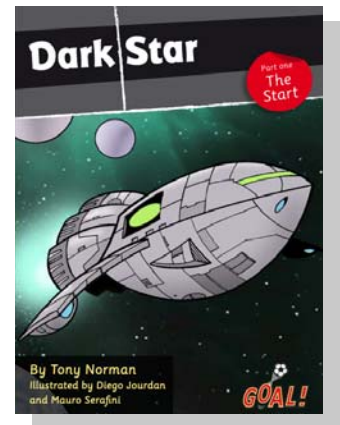

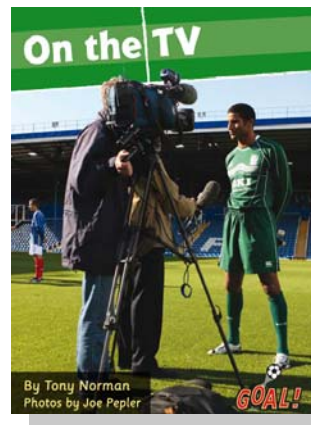

Football Reading Series

Goal!

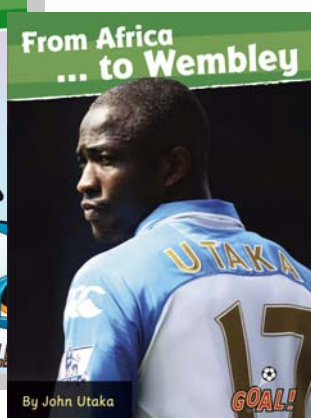

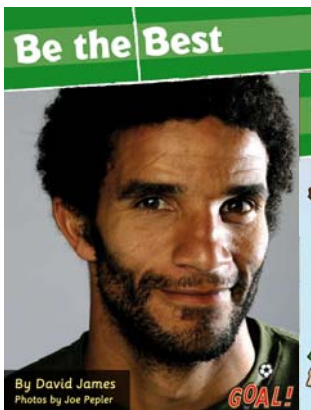

Interest age 6 – 14 years | Reading age KS1

A series of 48 football-themed decodable texts especially written for high interest age, low reading age students. Using a synthetic phonics approach, and closely following the 'Letters and Sounds' programme produced by the UK government, the Goal! series offers a complete package of readers, workbooks and a teacher's guide.

Inspiring, credible and 'cool', Goal! will motivate those hard to reach reluctant readers who have never got to grips with conventional reading schemes. The series can also accompany other reading schemes at KS1, and is perfect for boys who just want to read about football!

Progressing over five levels, the series includes fiction and non-fiction titles covering a wide range of football related topics. Goal! also features books written by leading players including England goalkeeper David James, Portsmouth's John Utaka and top women's footballer Rachel Yankey.

48 books, 5 levels, 1 game!
